

Practical Play Photography and Video Consent

Practical Play Forest School will only take photos or videos of participants when they are unable to be identified e.g. hands or feet, something that the participant has made. These pictures will be used for educational or promotional purposes, which includes social media. Guardians and /or participants are able to revoke their permission at any time.

Images and videos are stored securely and deleted once they are no longer required. Parental consent is obtained at the start of each session through Oakline (online booking system), and children are asked verbally before any photo is taken.
